2020 cheap price Battery swappable waterproof 8.5inch strong frame IOt sharing scooter

Product Features

Powerful Motor and Long Range Battery

Equipped with a powerful motor and a long-lasting battery, the scooter provides a smooth and efficient ride. The motor ensures quick acceleration and maintains speed on various terrains, while the battery offers extended range for longer journeys.

Lightweight and Portable Design

The scooter's lightweight design makes it easy to carry and store. The compact size and foldable mechanism allow for convenient transportation and storage in tight spaces.

Advanced Safety Features

The scooter is equipped with advanced safety features, including a reliable braking system and LED lights for visibility. The design prioritizes rider safety with these features to ensure a secure riding experience.

Smart Connectivity

The scooter can be connected to a mobile app via Bluetooth, allowing riders to monitor battery life, speed, and other vital information. The app also provides ride statistics and maintenance reminders.

Specifications

Dimensions and Weight

- Unfolded Dimensions: 1200mm x 450mm x 1150mm
- Folded Dimensions: 1200mm x 450mm x 1150mm
- Weight: 15kg

Motor and Battery

- Motor Power: 350W
- Battery Capacity: 36V 10Ah
- Range: Up to 40 km
- Charging Time: 6-8 hours

Performance

- Maximum Speed: 25 km/h
- Climbing Ability: Up to 15°
- Braking System: Electronic brake and mechanical brake

Other Features

- Tire Type: Pneumatic tires
