LESWIM Electric Swimming Kickboard

LESWIM is a new concept product - electric swimming kickboard. Traditional swimming kickboard only provides buoyancy, while LESWIM provides both buoyancy and propulsion. You can move freely in the water even if you can't swim. LESWIM can help beginners to overcome fear and build confidence. By making swimming easy and fun, LESWIM is a new style to play in water!

In addition to the powerful propulsion, LESWIM is featured with user friendly designs. The personalized magnetic panel, easy-to-swap rechargeable battery, engine grilles that protect your children's fingers, and also the compatibility with action camera to capture memorable underwater moments. Intuitive control, light weight and portability, LESWIM makes you swim like never before!

Product safety

We have established a set of scientific and quality management system (ISO9001: 2015) to ensure the safety performance of LESWIM.

Leswim whole machine		Li-ion battery	

LESWIM is designed with a battery contact with double seal and the battery housing has the highest waterproof rating -- IP68. All products will undergo a series of quality inspections such as water pressure test, airtight test, environmental test and so on before leaving the factory.

LESWIM Packaging

Color Box Package Dimension :
(length width height)

500 * 202 * 423 MM

Total weight : 4.4 KG

20' FT Container : 550 PCS

40' FT Container : 1100 PCS
