

FREEGO C8

I.

Advanced & Multi-functional Excellent Performances

Weighs just 10kgs. The sturdy frame is made of aerospace-grade aluminum, which has a low density and high structural strength. It also has excellent thermal conductivity and corrosion resistance for added durability.

Aerospace-grade Aluminum Frame

Front & Rear Double Braking System

Simultaneous mechanical front drum brake and regenerative electric back brake provide both stability and steerability.

Works As Simple As It Looks

Several 18650 high-capacity lithium batteries deliver up to 18.6 miles of travel on a single charge. Smart battery management via the app displays the health of the battery pack and notifies you immediately if there are issues.

Minimally Designed

Made For Comfort

Class-leading 350W Motor

With a 350W front wheel motor tuned to excel in diverse urban terrains, the C8 delivers truly refined performance. With a 25km/h (16mph) top speed, the motor is able to scale climbs.
